Bellringers Submission Guide

We would like your help to expand our Bellringers Library. Please provide the following information to earthstorm@mesonet.org (Subject: Bellringers Submission).

1. Your name and school
2. Attach the image (format should be png, jpg, or gif) and provide a web link to the location of the original image.
3. Name of the agency or data source that created the image.
4. Image should be either of a table, graph, map, or diagram.
5. Content of the image should relate to either weather or climate.
6. Provide a question(s) about the image. The question may ask the students to label something on the image, interpret the data, perform a math calculation, or identify a location.
7. Questions should be multiple choice, short answer, or essay. True/False questions will not be accepted unless students are asked to explain their answer.
